# The Belief in God and Immortality

By JAMES H. LEUBA

*Professor of Psychology in Bryn Mawr College  
Author of "A Psychological Study of Religion"*

*Cloth, Price \$2.50*

This book consists of three parts. The first is a scholarly investigation of the origins of the idea of immortality.

Parts II and III are those of chief interest to the general public. Part II consists of statistics of belief in personal immortality and in a God with whom one may hold personal relations.

Part III treats of the present Utility of the Belief in God and in Immortality, and points to a minimum requirement that would save religion from being in conflict with science.

## Press Opinions

"It is a book which every clergyman, as well as every one interested in the psychology of religion and in the future of religion, should read and ponder. For Professor Leuba has made a contribution to our knowledge of religious belief that is of very considerable significance."  
—Prof. James B. Pratt, in the *American Journal of Theology*.

"It is an honest effort . . . done with scientific precision and love of truth. Such an investigation, wherever its results may now seem to lead, tends surely towards an ultimate good."  
—*The Christian Register, Boston*.

"His more important conclusions are quite well established."  
—*The American Anthropologist*.

# Evolution, the Bible and Religion

By  
FREDERIC J. GURNEY

In this pamphlet the author has set forth in a masterful way the modern point of view on the relation between religious faith and science. He treats his subject reverently and constructively, in a spirit of fairness to both. A careful reading of *Evolution, the Bible, and Religion* will help one to a reasonable point of view, from which can be seen the facts of nature as they are, the books of the Bible in their historical setting, and religion as a vital concern.

"Surely very timely, and one that should be read by all."—*Brooklyn Citizen*.

# **WHAT JESUS TAUGHT**

By **A. WAKEFIELD SLATEN, Ph.D.**

*Head of the Department of Religion and Ethics in the Young Men's  
Christian Association College of Chicago*

The purpose of this book is to make better understood the actual teaching of Jesus as presented in the Gospels of Mark, Matthew, and Luke. Back of that purpose is the conviction that a better understanding of this teaching is certain to react in a wholesome way upon all men's religious thinking and living.

In four significant chapters the author prepares the way for an intelligent study of what Jesus taught. These four chapters, "Why People Study the Bible," "What the Bible Is," "The World Jesus Lived In," and "The Importance and Difficulty of Knowing What Jesus Taught," constitute a valuable introduction, not only to this book, but to any course of study dealing with the life and teachings of Jesus.

This volume provides a unique course of study for an adult class. It guides in the investigation of scriptural passages and stimulates discussion. The student of the New Testament—minister, layman, or teacher—will find this a most interesting and helpful handbook.
